

## Your Go-To for Micro-business

### Why The Connector?

The Connector saves RT Specialty's contracted retail agents & brokers time and money by transforming the quote & bind process for micro-commercial E&S risks. Targeting business under \$5,000 in premium, coverage can be in effect within minutes, so even small accounts can become profitable.

If you like a comparative rater, The Connector is so much more. Retail agents & brokers simply click to bind and issue coverages from select top-rated carriers across multiple lines. Digital signatures, payments and renewals are equally fast. And if the risk doesn't fit, The Connector will automatically generate ACORDS and forward the submission to RT Specialty.

### Available Lines of Business
